The Pottsville Journal

H. I. SILLIMAN - Editor and President

The Journal has the reputation of being distinctly the people's paper. It is fearless at all times in advocating that which will be for the best interests of Pottsville and Schuylkill county. Its editorials are possibly more widely quoted than those of any other paper published in a city of like size in the country.

The full telegraphic service of the United Press received over special leased wire.

All the local news all the time.

Parcel Post Information

PARCEL POST OR FOURTH-CLASS MAIL

Fourth-class matter embraces that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions, and plants, books (including catalogs), miscellaneous printed matter weighing more than 4 pounds, and all other mailable matter not embraced in the first, second and third classes

Extent and Usefulness of Parcel Post—The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact, thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products weighing between 20 and 50 pounds. Low postage rates, based on the service rendered, are provided. The rates to nearby zones are particularly advantageous. Parcels may be insured against loss and may be sent C. O. D., and as special delivery matter

PENNSYLVANIA NATIONAL BANK Interest Paid on Deposits 2% to 4%

Rates of Postage on Fourth-Class or Parcel Post Matter—To Be Fully Prepaid—Unsealed—are as follows:

(a) Parcels weighing 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance

(b) Parcels weighing 8 ounces or less, containing books, seeds, cuttings, bulbs, roots, scions, and plants, 1 cent for each 2 ounces or fraction thereof, regardless of distance

(c) Parcels weighing more than 8 ounces containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table, a fraction of a pound being considered a full pound:

(a) Parcels weighing 8 ounces or less, except books, seeds, plants, etc., one cent for each ounce or fraction thereof, any distance, and in addition a service charge of two cents on each parcel. Except on parcels mailed on Rural Routes.

Zones—Parcel Post Guide and Maps.—For parcel post purposes, the United States is divided into units of area thirty minutes square. Such units form the basis of the eight postal zones. To ascertain in which zone a post office is located from the office of mailing, a parcel post guide, costing 55 cents, and map, costing 20 cents, are jointly used. The guide applies to all offices, but a separate map is required for each unit. A zone key is furnished with the guide for use in the units of area in which some of the largest post offices are located and makes the map for those units unnecessary. The guide and maps may be purchased by sending a money order to the Third Assistant Postmaster General, Washington, D. C. Stamps are not accepted. Further information may be obtained at any post office.
